DATE MAILED:

***Response to Amendment***

The reply filed on October 23, 2006 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicant did not respond to the objection to claim 66, “- claim 66, are the means for processing, means for performing a cross-calibration, and means for recalibrating a deviating system related to the processor (126) (shown in Fig. 2)?” (Office Action filed on September 28, 2006, page 3, 2<sup>nd</sup> paragraph). See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

It is noted that paragraphs 163 – 165 of Published Specification describe that the means for processing, means for performing a cross-calibration, and means for recalibrating a deviating system (recited in claim 66) are actually referred to the same processor (126), shown in Fig. 2. Thus, even though claim 66 recites a plurality of means, they are actually supported by only one means (processor 126) (Fig. 2).
